Listing Summary

104.86+/- Acres Trempealeau County

Located in Trempealeau County, Wisconsin sits this pristine 104.86 acre farm. This farm is what a whitetail hunter dreams of, with central bedding, endless treestand locations over food and ridgelines and seclusion, this is a farm where you can grow and hold world class deer. There are several draws that cut into the heart of the property that make for great year round bedding and act as a sanctuary to help keep pressure off the deer herd. The top field offers several great food plot locations above the timber with multiple access points. You can really separate deer with how your future food plots and bedding could be set up to help hold multiple mature bucks on this farm each year. The heart of the farm is extremely secluded and can't be seen by any roads. The tillable acres are currently being rented out at \$140 an acre. This farm has produced giant whitetails with a 190" deer being shot off the property and another 200" deer was shot in the neighborhood. The genetics and deer numbers in this area are exactly what a deer hunter looks for. For more information on this world class farm, or to set up a private showing contact Wisconsin Land Specialist Lucas Mestad at 507-696-6228 or at Lucas@HighPointLandCompany.com.
